Currently, in the United States there is an organization funded by health insurance companies and foundations that makes recommendations about which drugs and medical treatments should be covered by insurance. Were you aware that this health care rationing was happening in the U.S.?

Currently, in the United States there is an organization funded by health insurance companies and foundations that makes recommendations about which drugs and medical treatments should be covered by insurance. Were you aware that this health care rationing was happening in the U.S.?

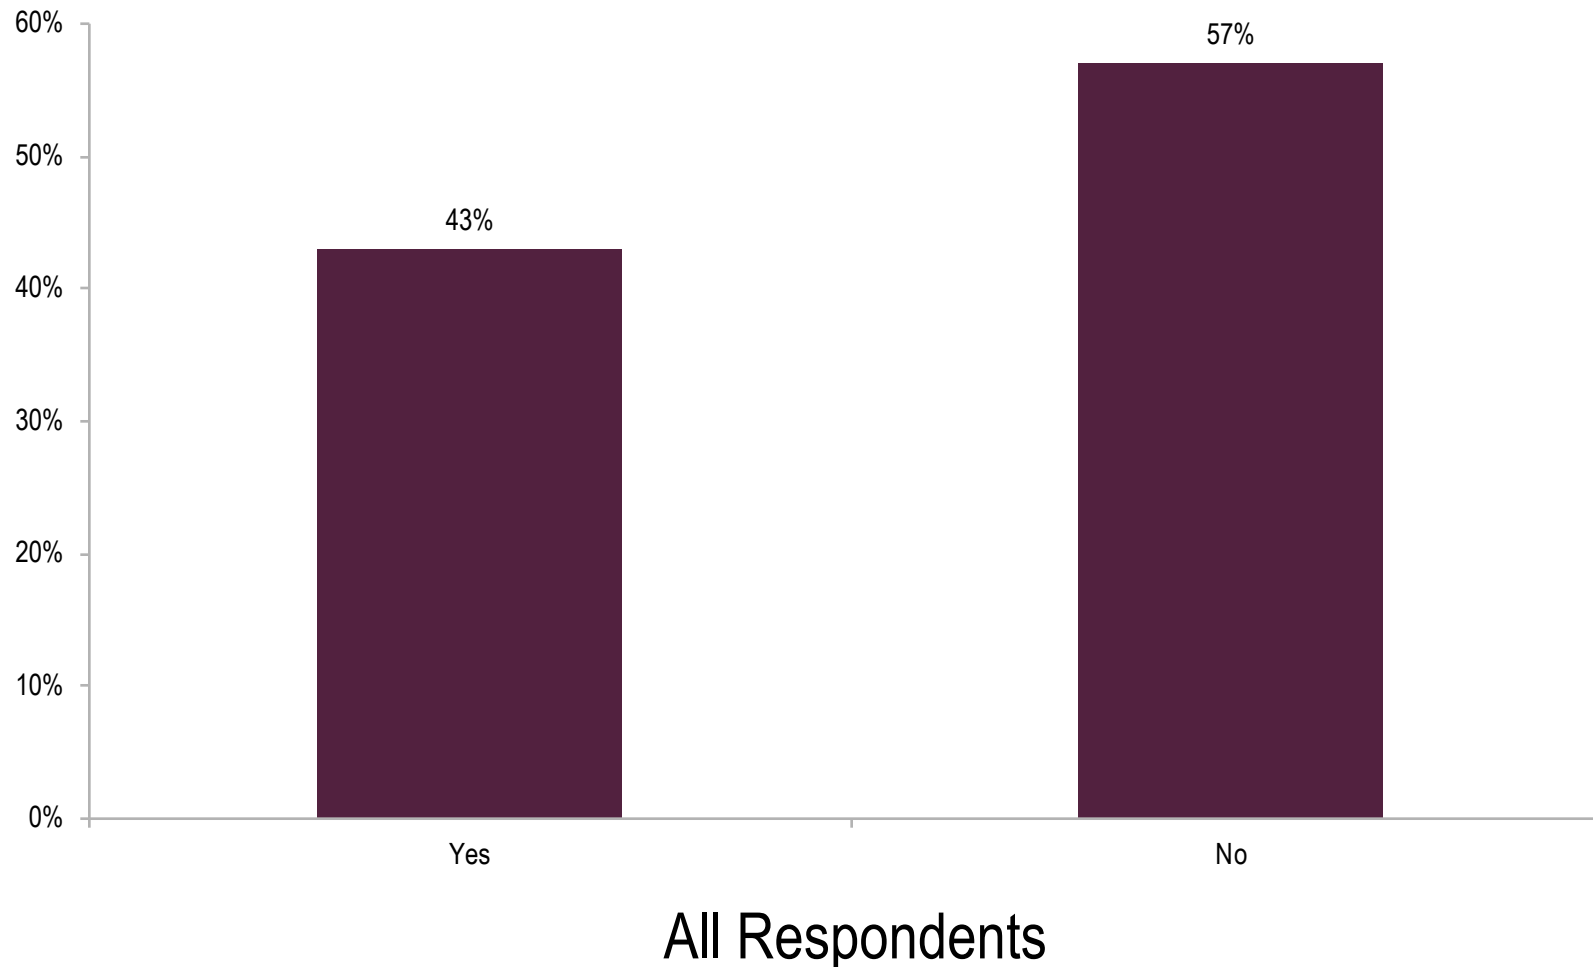

How much do you agree or disagree with the following statement: 'I BELIEVE THAT HEALTH INSURANCE COMPANIES SHOULD BE ABLE TO DENY COVERAGE FOR A MEDICAL TREATMENT BASED ON THE AGE, ILLNESS, OR DISABILITY OF A PATIENT.'

All Respondents

Other countries, including several in Europe, rely on this same method to determine which patients get access to certain medications and treatments. Do you think the United States should follow other countries?
